ABOUT US

ADITI GROUP: THE GENESIS AND THE JOURNEY

Working relentlessly since last 37 years, this rapidly growing dynamic group has come a long way. Its multifarious activities comprise of Fruit & Vegetable Food products processing, Trading of Agriculture, Implements & inputs, manufacturing corrugated boxes in different grades, Trading of gas & petroleum, Banking and several other service oriented industries. Apart from its remarkable success, the group has immensely benefited the rural community. The Group has been investing into promising ventures and manufacturing processed fruits & vegetables products according to international standards.

Aditi Foods (India) Pvt. Ltd. the Fruit & Vegetable Processing Industry, is a prominent name among all these ventures. Today, it has achieved a stature of being the one of its kind and largest multi Fruits and Vegetables processing unit in the India.

ADITI FOODS (INDIA) PVT. LTD.

: A FRESH AND LUSCIOUS SUCCESS STORY

Aditi Foods (India) Pvt. Ltd., a division of Aditi group, has been a trusted & acknowledged brand in the Indian food processing sector since 1994. Its state-of-the-art technology in research and manufacturing has given the company an unquestionable edge. The Company has developed a variety of food products from fruits and vegetables through world class R & D facility at AFRC, Which has adopted ISO 22000 : 2005 FSMS Standard / BRC & US FDA. The products are developed, processed and packaged for both direct as well as industrial consumption. An ability to keep pace with the changing market has added to its advantageous position.

METICULOUS AND PRECISE PROCESSING

Thousands of tones of fresh fruits & vegetables are carefully processed at the factory. The raw material and the final product undergo a strict quality control procedure in our well equipped laboratory. We adopt latest technology and production know how to offer our customers the best and the choicest.

OUR EXPERTISE | OUR STRENGTH

We are empowered by a sophisticated infrastructure with the requisite machineries and cutting edge technology. We have a state-of-the-art manufacturing and packaging facility at Nerle, near Sangli (Maharashtra), with a fleet of committed and dexterous work force of more than 450 employees. No wonder then that our production capacity per day is around 150 tons. It's heartening to see an increase of almost 60 % in women employees. The number of men & women employees increases to 700 & 750 respectively during the crop season.

Our finest products have made us emerge as the reputed manufacturer and exporter of

Fruit Pulp, Fruit Jams, Canned Vegetables, Sauces & Ketchups in India.

PIONEERS OF ADITI GROUP

MR. DINKARRAO PATIL
Founder & CMD,
Aditi Group of Industries.

"Aditi's goal, is to continuously contribute to pepole's long life and well being, by maximizing the exquisite flavor and health benefits of nature's bounty, including fresh fruits & vegetables. Our assurance is to partner with you for success. We Develop long- term client relationships, built on trust and sealed with quality services.

We kindly request, to seek the continued support and understanding of all our stakeholders, as we move forward in our quest to achieve this goal."

Mr. Dinkarrao Patil was born on the 2nd of June, 1956 to a farmer's family in a small village called Ozarde in Walwa Taluka. Traversing through hardships and finally reaching his goal, his life reads like a 'Rags to Riches' story. His expertise in Marketing and trading is well acknowledged all over the region. His efforts in establishing the group were appreciated by the Government and various non-governmental organizations. He has lent his services to the government as an adviser on food production and marketing. Mr. Patil performs a crucial role in all the strategic planning processes of the company. He is assisted by a highly qualified and experienced team in Product Development, Quality Control, Marketing and Administration.

Adhering to virtues like 'Patience', 'Endurance' and 'Understanding' has enabled him to overcome all complexities and challenges in his life. The magnificent success of the Group is a result of his relentless efforts. He has always been an inexhaustible source of inspiration to the Group.

Mr. Bhagat Patil, CEO, started his career in 2007 as he involved himself in all production related activities, minutely observing the nitty-gritty at every step. Later, he started focusing on the overseas operations for export.

He has a smart acumen for recruiting and inspiring the team. No wonder that the export activities he heads are poised has taken a leap from two countries to twenty countries in last 10 years. He envisages a range of 50+ organic new products in near future. His untiring efforts along with the team has earned the company multiple domestic & international certifications.

Always striving to innovate and experiment; he believes in a constant interaction with people to know about their preferences and likes. While being at the forefront of execution; he also makes it a point to fulfill his social obligations. The CSR activity to save water is an eloquent example of this.

Mr. Pruthviraj Patil, Executive Director, Started his career in 2010 and Heads Purchase, Domestic Sales & over all administration, His more Focus on the Domestic Sector. He observes that the domestic sector is ever-evolving as an increasing exposure to the global market is bringing a sea change in the preferences and tastes people have; but they still want to preserve the 'Indian' flavour. According to him, another challenge lies in having an edge over the competition. He manages to acquire it by studying the changing market trends. His vision comprises of starting an ultra modern retail chain that would spread through the nook and corner of the nation in near future.

" NATURE FRESH QUALITY FOOD"

" BLEND OF TRUST & TASTE"

QUALITY COMMITMENT

- "Quality is never an Accident, It is always the Result of High Intention, Sincere Efforts, Intelligent Directions and Skillful Execution "Quality control is not just a process but a firm and uncompromising commitment of the company.
- From the initial stage of procurement of raw materials to final stage of packing & storing, international standards of quality and hygiene are maintained.
- All the products conform to the highest norms of standards in India likes FSSI and FDA & All the products undergo strict quality test.

MEAL SAUCE, VINEGAR

Typically, a sausage is formed in a casing traditionally made from intestine, but sometimes from synthetic materials. Sausages that are sold uncooked are usually cooked in many ways, including pan-frying, broiling and barbecuing. Some sausages are cooked during processing and the casing may then be removed.

Product Uses

WORCESTER SAUCE
200gm / 500gm

8 TO 8 ALL MEAL SAUCE
200gm

Vinegar is now mainly used as a cooking ingredient, or in pickling. As the most easily manufactured mild acid, it has historically had a great variety of industrial, medical, and domestic uses, some of which are still commonly practiced today.

COOKING VINEGAR
